

We need you...
Will you please join the
Mini Joys
23 Care Team?

The mini herd and volunteer team has begun an **awesome 2023 season of spreading JOY & HOPE** to those who could really use a lift and **we need YOUR help!** 😊

The cost of care has risen significantly these past couple of years, especially the cost of their main meal – hay! The horses, donkey, and goats all live at the Mini Ranch completely free of any boarding costs.

Even with free board, the cost of their hay, needed supplements, vet care, dental care, and hoof care came to a record high \$6,750 in 2022. Yes, inflation has hit the horse world, too!

We want to continue impacting the lives of those that are hurting! We are seeking 23 folks willing to pledge \$23.00 monthly, for our 10-month program season, March thru December of 2023. If we meet our goal, this will cover about 80% of the total care of the entire herd. This will allow the minis and crew to keep doing what they do best – bringing JOY!!!

This **sponsorship of the HORSE CARE expenses** can be easily set up as a monthly recurring gift securely through the website, www.minijoys.org Or contact us for other payment options. Our **23 CARE TEAM** will be listed on our website, but you can also opt to have your name remain confidential if you prefer. This program kicks-off in March!

THANKS! WE SURE APPRECIATE YOU!
